ABOUT US

Churn opened it's doors October 30th, 2015 in Gibsonia, PA. It has since opened two new locations in Cranberry (2018) and Glenshaw (2019), PA. Churn's brand is built on quality product and good service. Since opening we have sold more gallons of ice cream and pounds of coffee than we can count.

Our ice cream is made daily on-site at each location. We curate different flavors daily, and that is what keeps our brand different than the rest. We love the challenge of turning odd flavors into ice cream.

Some of our most original have been ketchup, strawberry jalapeño, lavender basil, Cookie Monster, coconut rose lemon, bacon and French Toast

Some of our most popular flavors are Oreo, cake batter, peanut butter cookie dough, KitKat Chocolate Chip, Churn Coffee Chunk, banana cream pie, black raspberry, and the list could go on. You get the idea; you name it; we make it. Let us bring your ice cream fantasies true today.
